CONCEPT⁺
bars

CONCEPT BARS are the UK leading designers and manufacturers of bespoke mobile bars.

We have supplied a variety of prestigious clients - including Creativevents, Searys, Allen & Overy, Tate Galleries and the Langham Hotel. Our bars and counters can be found in major conference and exhibition centres - including the NEC (Birmingham) , the SECC (Glasgow), Excel (London Docklands) and Earl's Court (London).

Operation

CONCEPT mobile bars offer the chance to serve draught beer, chilled bottled beer, spirits, coffee and soft drinks in the heart of any adaptable venue with the minimum of set up time and service point requirements.

Typical units include bottle stations (with slide-top bottle coolers, bottle opener and bin) and cocktail stations (with inset ice chests, speed rails and shelving).

Draught beer can be served with the aid of a flash cooler mounted in a mobile bar with the beer kegs and gas canister, with a stylish integral beer font and drip tray to complete the unit.

Mobile back bars allow glass door bottle coolers to be included. Optic spirit dispense is also available.

Mobile Cocktail Bar
